

AERIAL OPERATOR TRAINING

STEUBENVILLE, OHIO • 740-282-9588

Become a Qualified Genie LIFT PRO!

- Aerial Operator Training that meets ANSI, OSHA, and CSA requirements.
- Online Program + Hands On.
- Available to operators of most AWP brands, makes and models.

STEP 1:

Purchase a training seat from General Rental, Inc. - an authorized Genie Lift Pro Training Center. Once a seat is purchased, each trainee will receive an email containing their 1) ID Number; 2) Username; and 3) Password. General Rental, Inc. will need the following for each trainee: 1) First Name; 2) Last Name; 3) Email Address; and 4) Company/Employer.

STEP 2:

Visit LIFTPRO.GENIELIFT.COM. The email containing the trainee's login information will also include login instructions. Each trainee will need their 1) ID Number; 2) Username; and 3) Password.

Trainees will complete the online program on their own schedule, at their own pace - it is available online 24/7. Video, graphics and narration made it easy to follow along and learn the information required for qualification. The online program will take about 3 hours to complete.

Upon completion of the online program, the trainee will be required to print a proof of completion. Trainee must show General Rental, Inc. proof of completion to start hands-on training.

STEP 3:

Schedule hands-on training with General Rental, Inc. Once trainee has completed the online program, trainee will have to complete a verification test, and then the trainee will receive hands-on instruction and experience operating various aerial work platform models. Hands-on training can be completed at trainee's location/job site or at General Rental, Inc.'s facility.

Trainee must demonstrate and be able to prove competence.

Upon satisfactory completion of the online program and the hands-on training, participants will have met the requirements to become a qualified aerial work platform operator. Trainee will receive a certificate and a Lift Pro aerial access card signed by the instructor - verifying they have received the instruction required to become a qualified aerial work platform operator.

PRICING:
